'Connecting people to ideas and ideas to people'

2010 Sponsorship Prospectus

Innovation Series (Qld)

'Connecting people to ideas and ideas to people'.

The Innovation Series (IVS) is a highly respected business forum which seeks to promote successful innovation and entrepreneurship amongst researchers, businesses and individuals. The quarterly luncheon events provide a unique platform to hear from leaders in innovation, and connect with industry peers.

Innovation Series (Qld) was launched over six years ago, in partnership with the Australian Institute for Commercialisation and in support from our sponsoring partners (www.innovationseries.com.au). The IVS achieved great acclamation during its inaugural year, gaining respect and support from researchers, academics and businesses alike.

In response to its growing achievements in Queensland, The IVS Executive is now pleased to extend an invitation to all interested parties to come on board as a sponsor of the 2010 Innovation Series, which once again will feature 'great topics, great speakers and of course great networking'!

Benefits of Sponsorship

It is an established fact that partner collaboration, along with network-driven innovation may be better for business growth, than flying solo, and the Innovation Series is unique for its focus on the interface between innovation and business.

Fostering discussions, debate, education and enlightenment on the topic of innovation can only assist more companies, industries and individuals to think smarter, and learn how to adopt ideas into their own environment, whilst capitalising on opportunities to achieve improved outcomes.

By becoming a sponsor of the Innovation Series (Qld) you will align your organisation with an exceptional networking series, which offers numerous opportunities to you and your business.

- ✓ As an Innovation Series sponsor, your organisation will be consistently exposed to an audience that is influential within the innovation sector, in addition to associating with leaders at the forefront of new technologies and innovations.
- ✓ Sponsors of the Innovation Series are recognised and acknowledged as industry leaders – reinforcing your organisation's commitment to innovation, research and creativity.
- ✓ Sponsorship of the Innovation Series provides opportunities for individuals and organisations to build and enhance their corporate profiles with senior representatives & key decision makers from across a diverse range of organisations including: research organisations, universities, technology orientated companies, professional service providers, government and the broader business community.
- ✓ Networking and Collaboration is a key aspect of the Innovation Series. As a sponsor, your organisation will be provided with the opportunity to network with industry and research professionals from across a diverse range of Innovation disciplines - thus providing a unique environment to seek and identify new business opportunities.
- ✓ Sponsors of the Innovation Series receive ongoing recognition and exposure to the broader business sector through targeted marketing strategies such as event promotion and news articles that are published throughout the year.
